<b>Ethnicity</b>	<b>WB</b>	13	<b>DH</b>	6	<b>BO</b>	1	<b>BC</b>	1	<b>Not Specified</b>	58
<b>Disability</b>	<b>0</b>									

### Pop up youth clubs

During the summer holidays we delivered a weekly pop up youth club on Boulton Lane Park which proved to be very successful with the young people. The sessions offered the young people the opportunity to participate in different sporting activities such as cricket, football, badminton and unicycle. For the young people who were not interested in sport there were activities such as arts and crafts, games and music. The young people also took part in a weekly litter pick around the park.

### Mother and Daughter Sessions

The aim of these sessions was to encourage positive relationships between mothers and daughters in a relaxed environment. The sessions offered families positive fun activities such as making pizza's and cakes, nail art, jewellery making, arts and crafts and hair and beauty pamper sessions.

The families engaged well and enjoyed spending time together.

### Trip to Matlock Bath

As an incentive we took a group of young people on a trip to Matlock Bath. This was a positive enjoyable trip for the young people. They got to see the sights of Matlock, look round the shops and enjoy fish and chips at the end of the day. Some of the young people had never been to Matlock before so this was a new experience for them. The young people engaged well and they all enjoyed their day.

### What difference has the funding made?

As a result of the funding received from Allenton Big Local we have been able to make the following differences to the community

- Improve family relationships
- Divert young people from Anti Social Behaviour by offering positive activities
- Increased community cohesion
- Encourage inter generational integration
- Increased economical well being by offering free activities to families
- Helped families have fun together
