

MONITORING REPORT

Priority 2

July - September

Current work undertaken:

- Direct work with Mum ,Dad and 3 children to encourage positive family time together support offered with family visits to local park and joining the library, playing board games together, family cooking night and tidying and planting in family garden
- Support to mum to manage young person’s aggressive behaviour towards younger siblings. Direct work with young person to manage his behaviour
- Direct work with 3 young children to build positive relationships to alleviate stress and arguments in family home.
- Support to family on budgeting and healthy cooking and eating with 3 members of family being diagnosed as obese.

We also spent sometime talking to parents on a one to one basis with advice on supporting children with toilet training, encouraging children’s healthy eating and supporting the development of their social skills and language communication as well as signing posting them to other local services e.g. Children’s Centre and Health Centre.

Number of families supported	14	Number of individuals				45			
Ages	0-7	17	7-10	8	10 +	2	Adults	18	
Gender	Female	33	Male	12
